MOTION BY SUPERVISOR MICHAEL D. ANTONOVICH

MARCH 23, 2004

Jay Cee Dee Group Home

On March 17, 2004, the Auditor-Controller completed its review of two group homes operated by Jay Cee Dee Children's Home. Both group homes are located in the Fifth Supervisorial District. The review disclosed both facilities were not complying with a significant number of contract requirements. If the deficiencies are not addressed immediately, the Auditor-Controller is recommending that the Department of Children & Family Services place the group homes on a "Do Not Use" status and remove the children from these homes.

I, THEREFORE, MOVE that the Board direct the Department of Children & Family Services to report back in 14 days on the group homes' compliance with the Auditor-Controller's recommendation, and if the group homes fail to comply, place the agency on a "Do Not Use" status and immediately begin the process of removing the children from these homes.
